"To whom it may concerní

Melvin Wee from Sushi Machines has been a godsend! We were new to the Sushi business and Melvin guided us every step of the way. Melvin had no hesitation in answering any question we had in regard to the Sushi machines or the setting up of our new business including the shop design! We were always impressed with Melvin's timely and professional advice. We have absolutely no hesitation in recommending Melvin to anyone looking to acquire Sushi machines and / or looking venture into the Sushi business and / or looking to expand their existing Sushi business.

Tim Day & Angela Gray
