

**To whom it may concern.**

**Re: JAS Sushi**

I am delighted to offer a letter of reference for **JAS Sushi**.

In setting up a new healthy Fast Food chain, Sushi was an area we really needed to get right, and with the help of **JAS Sushi** we have done just that.

Melvin Wee and the team at **JAS Sushi** have been fantastic in teaching us all about what goes into making high quality, high volume Sushi.

Not only did the team at **JAS Sushi** help us to understand the origins of Sushi, and how to make authentic Sushi, they also assisted us in sourcing the right equipment and suppliers of consumables.

Melvin and his team have been enormously supportive and a real asset in setting up this new business and we wish them every success for the future.

If any further reference is required, please don't hesitate to call the writer directly.

Kindest Regards

*Jason Gunn*  
Managing Director
